CareerPro

Career Pro Ventures Limited, is a public limited company, offers diversified courses through advanced technological based audio-video interactive platform. Career Pro is one of the pioneers in offering such training programs through unique teaching methodology "Face to Face". Career Pro offers these programs through different brand names.

Institute of Career In Financial Market

ICFM - Institute of Career In Financial Market is a market leader in the segment of Financial Market Education. It is a unit of Career Pro Ventures Limited, a diversified education corporate. At ICFM, We deliver the cutting edge training to people willing to make career in financial markets. Our programs are not ordinary "Run of the Mill" programs. Our programs bring extensive focus on "Next Generation Technologies" which give you edge in ever competitive employment opportunities.

Programs are Industry Integrated and recognized by reputed Companies. You are trained in a classroom and groomed in a reputed company and you become job ready for the exciting opportunities. ICFM boasts of a broadly diversified yet "Financial Market Centric" basket of programs.

MARKET

360^o

Market 360 is a unique system, which gives students a dynamic live exposure of Indian financial markets. It is a system, wherein, We, with the help of University/ College, put in a technical infrastructure in place and bring the top trainers in the industry to provide the best practical training in financial markets.

We must agree on the face that the Finance as taught in BBA/MBA lacks the practical approach. It does not give market exposure to student and it does not prepare students to ever challenging job market where BFSI employers are looking for candidates who understand the markets and could work therein.

Certified Pro Trader (CPT)

Certified Pro Trader is a program which grooms you into a "Professional Trader". This program is designed particularly for people who want to take "Professional Stock Trading" as a career. CPT delivers high end knowledge & practical training in Indian Markets.

This program is much more and beyond the ordinary skills that most institutes teach you. ICFM trains you in an "High end Technology Environment " where you get Hands – On experience on Advance Software + Trading Strategies. You learn trading strategies used by Pro Traders and apply those strategies in the Latest Software.

The duration of the program is 4 Months. Two Month course delivery is combined with compulsory Two Month Internship.
