# ICFM Faculties

## Mr. GAURAV SHARMA | *Derivative Trader*

Mr. Gaurav is a certified professional trader with around 8 years of experience across various trading firms. Specializing in Futures & Options, He has a deep understanding of market dynamics and advanced options strategies. Holding an MBA in Finance and a Bachelor's in Commerce, he began his career as a professional trader. Now a full-time mentor, Mr. Gaurav is dedicated to helping aspiring traders achieve profitability and financial freedom by providing practical strategies and insights tailored to navigate the complexities of the financial markets.

## Mr. Amit Kumar | *Derivative and Commodity Analyst*

Amit Kumar brings over 6 years of rich experience in the derivatives market, specializing in Futures and Options trading. An engineering graduate and NISM Series 8 certified professional, he is well-known for his precision in market analysis and effective risk management strategies. To further enhance his expertise, Amit is currently pursuing an MBA. Throughout his career, he has consistently delivered strong results in highly competitive financial environments. Passionate about mentoring, Amit is dedicated to empowering new traders by sharing real-world insights. His comprehensive courses are designed to bridge the gap between theory and practice, ensuring learners are well-equipped for success in derivatives trading.

## Mr. VASU | *Derivative Trader & Mentor*

Mr. Vasu is a seasoned NISM Series 8 certified trader with over 4 years of hands-on experience in investing and trading, with a strong focus on live market trading and mentorship in the derivatives segment. Holding a B.Tech in Civil Engineering, he also brings over 2 years of teaching experience, where he has excelled at simplifying complex trading concepts into clear and accessible language for his students. His expertise encompasses all aspects of market behavior, and he is deeply committed to equipping learners with the essential skills required to succeed in the ever-evolving world of trading and finance.

## Mr. JATIN SONI | *Technical & Fundamental Analyst*

Mr. Jatin Soni is a certified trading expert with over 4 years of experience, specializing in Technical Research Analysis. He holds a B.Com degree along with multiple certifications from NISM, which reinforce his deep understanding of market dynamics. As a full-time trader, Jatin has successfully navigated through diverse market conditions, gaining practical insights that he now shares with aspiring traders. As a dedicated faculty member and mentor, he is passionate about helping students grasp essential market concepts and apply them effectively in real-world trading scenarios, ensuring they build a strong foundation for long-term success.

## Mr. NEERAJ KUMAR | *Technical Analyst*

Mr. Neeraj Kumar is a seasoned Chart Analyst, Arbitrager, and Positional Trader with over 8 years of experience in the share market industry. A B.Com graduate and NISM Series 8 certified professional, he specializes in day trading, swing trading, and positional strategies. With deep expertise in chart analysis and arbitrage trading, Mr. Neeraj has built a strong reputation for identifying high-probability trade setups and executing strategies with precision. His practical market knowledge and analytical skills make him a valuable mentor for aspiring traders looking to gain real-world insights into dynamic market conditions.

**Mr. ANANT JAIN*****Technical & Commodity Analyst ( Swing trader )***

Mr. Anant Jain is an experienced equity swing and intraday trader with over 4 years of hands-on expertise in the financial markets. A B.Com graduate currently pursuing an MBA in Finance, he holds NISM certifications in both Equity Derivatives and Commodity Derivatives. As a dedicated faculty member, Mr. Anant blends technical analysis, risk management principles, and practical trading strategies to provide in-depth mentorship to aspiring traders. His goal is to equip learners with the essential skills and confidence needed to navigate and succeed in the ever-evolving world of financial markets.

**Mr. RAJAN SINGH*****Derivative, Technical & Fundamental Analyst***

Mr. Rajan Singh is a highly experienced trader with over a decade of involvement in the financial markets. A finance graduate and CMT Level 1 certified professional, he specializes in developing advanced Futures and Options strategies by leveraging data analysis and technical analysis. His core strength lies in crafting effective, adaptable trading strategies that align with the ever-changing nature of the market, making him a valuable guide for traders aiming to elevate their performance with a structured and analytical approach.

**Mr. KARAN BAGRI*****Derivative Analyst***

Mr. Karan Bagri is a seasoned trader and mentor with over 9 years of experience in the financial markets. With 6 years as a sub-broker and 4 years dedicated to teaching, he brings a wealth of practical knowledge in Technical Analysis and Derivatives trading. Certified by NISM in Derivatives, Currency, and Mutual Funds, he is also registered as an Authorized Person on the exchange. For the past 2 years, Mr. Karan has been a valued faculty member at ICFM, where he shares his deep market insights and hands-on strategies, helping aspiring traders confidently navigate the complexities of the financial markets.

**Mr. Jay Sir*****Derivative and Forex Trader***

Mr. Jay Arora is a full-time trader with over 4 years of experience in the international Forex market, specializing in advanced strategies such as ICT (Inner Circle Trader) and SMC (Smart Money Concepts). With a deep understanding of global market dynamics, he effectively applies these strategies to achieve consistent trading results. In addition to his expertise in Forex, Jay has also been actively trading in the Indian stock market for over 4 years, with a strong command over both equity and derivatives segments. His broad market knowledge and practical approach allow him to navigate the complexities of both international and Indian financial markets with precision.

**Mr. Hemant Sir*****Algo trader & Developer***

Mr. Hemant is a full-time professional Algo Trading Developer with over 5 years of experience in the field. Currently working with a leading quant trading firm, he is a commerce graduate equipped with advanced expertise in Python programming for trading applications. Over the years, Hemant has trained numerous traders in the derivatives Algo segment, helping them harness the power of automation in their trading strategies. He also played a key role in developing the Python training program at ICFM, where he continues to share his in-depth knowledge to empower aspiring traders in the field of algorithmic trading.

# Live Trading Implementation

## Backtest

ICFM offers an immersive learning experience, allowing you to work with market data, backtest your trading ideas, analyse backtesting results, and paper trade your strategies in a risk-free environment before deciding to go live with actual money.

## Paper Trade

- Gain practical experience in a live trading environment.
- Learn to adapt to market changes and manage trades effectively.
- Develop confidence in your trading strategies before risking actual capital.

## Find Funds for Your Stock Market Trading

At ICFM, we don't just teach you how to trade — we prepare you to thrive in the real market. What makes us truly different?

We have our own live trading floor, BearStreet – India's First Prop Trading Desk for Retail Traders, where students get a chance to put their skills into action in a real-market environment. And the best part? Once you complete your training at ICFM, you get the opportunity to apply for funding to trade with our capital. No need to risk your own savings to start your trading career — prove your skills, show your discipline, and we'll back you.
